## Good To Go!<sup>™</sup>

Your bridge to a faster, safer, reliable commute!

A great new bridge to faster, safer, reliable commuting is coming to the SR 16 Corridor.

It's called *Good To Go!*<sup>™</sup> – a convenient, easy-to-use electronic toll collection service that

*Good To Go!* makes it fast and easy to travel the new span of the Tacoma Narrows Bridge. If you are a *Good To Go!* customer, remain in the *Good To Go!* express lanes (1) and drive through without stopping. The overhead antenna (2) reads your *Good To Go!* account information and automatically debits the correct toll from your prepaid account. Violators who use the express lanes without paying will be fined - a camera (3) takes a picture of the license plate and a citation is mailed. Cash Customer – If you decide to pay your tolls with cash, you must use the "Cash Only" lanes (4) and stop at the toll plaza. You can pay cash tolls to one of our friendly toll attendants (5). When you see the green light in your toll lane (6), you may proceed.

gives you the power to pay tolls on the new Tacoma Narrows Bridge span without stopping.

As a *Good To Go!* customer, you will receive a special electronic sticker (about the size of a credit card) that easily adheres to your windshield. With *Good To Go!* you can pay your toll electronically. An overhead antenna reads the account information on your *Good To Go!*

e-sticker and automatically deducts the toll from your prepaid account – no stopping at a toll booth, no fumbling for change.

It's that easy! It's that convenient!
